

## **COTHERSTONE PARISH COUNCIL**

### **Expression of interest in co-option To Parish Council vacancy**

The following statement has been received from Mr Tim Sabey.

I would like to confirm my interest in joining the Cotherstone Parish Council. My wife and I moved to Cotherstone in 1993 and our children have lived in the village for their whole lives. We consider ourselves incredibly fortunate to have been able to bring up our family in a rural community that has access to all of the key services for a viable village (school, church, shop, pub) My varied life experiences have led me to hold a strong conviction that society can only function if individuals are willing to contribute to the support of the wider community. Work and family commitments have limited my ability to support the wider Cotherstone community over the last 25 years. However I am due to retire from GSK at the end of this year and I am now in a position to make the contribution that I believe I should to my local community. I have worked in a range of management and leadership roles at GSK , over the last 32 years and I would hope that I can apply the skills and knowledge I have gained to support the efficient and effective performance of the Parish Council.
