## Appendix 2: Training and Development Policy

# COTHERSTONE PARISH COUNCIL Training and Development Policy

### Introduction

1. Cotherstone Parish Council is committed to developing and maintaining the standards expected from a local council through identifying appropriate training needs and providing appropriate resources for its provision. The Council acknowledges that this policy applies to both councillors and employed staff.
2. The Council accepts the Chartered Institute of Personnel and Development's definition of training as: 'A planned process to develop the abilities of the individual and to satisfy current and future needs of the organisation'.
3. Whilst training is necessary given the need for the Council to comply with all legal and statutory requirements, the Council also recognises that training and development are important in ensuring the Council meets its corporate aims and objectives, and provide the appropriate skills required to deliver high quality services and the management skills necessary to plan and deliver those services.
4. Any employee of the Council will be expected to undertake a programme of continuing professional development in line with the requirements of their role.
5. For any service the Council contracts out, it will seek assurance from contractors that they and their operatives have the training appropriate to the tasks they are contracted to do.
6. The Council commits to identifying the training needs of councillors and staff on a regular basis and will make reasonable financial provision in its budget for training and development, taking advantage of any relevant training provided free of charge by other local authorities, the County Durham and Cleveland Training Partnership, the Society of Local Council Clerks or other organisations.
